

What To Expect At the Showroom

Visiting our showroom and meeting with our experience sales staff will help make your dream home a reality. Our goal is to help make your home your style. We have a few suggestions to make sure you get the most out of your visit.

- 1.) Appointments are preferred but not required (please call 618-224-7314)
- 2.) Bringing in a floor plan or a rough sketch with dimensions will allow us to prepare a more accurate quote.
- 3.) Some of the most helpful items to bring are samples of other materials that are being used in your project. A cabinet door or drawer, paint, fabric, and flooring sample can be very helpful with coordinating the perfect light, fireplace, stone, and woodwork.
- 4.) Take some photos of your project area as these can help explain your layout.
- 5.) Bring any inspirational photos you have seen that catch your eye. That will help us guide you to look you are trying to achieve.
- 6.) Bring your questions! We are here to provide you with the best product knowledge and resources you'll need to make the right decision.
- 7.) Our staff has over 40 years combined experience to help make this a great experience start to finish.
